Employment Agreements, Termination of Employment and Change in Control Arrangements

Hybridon is a party to an employment agreement with Mr. Seiler for a term commencing on September 1, 2001 and ending on September 1, 2006. If Mr. Seiler's employment is terminated by the Company without cause or by him for good reason, Hybridon will continue to pay Mr. Seiler his annual base salary for a period ending upon the earlier of (i) the date 24 months following such termination and (ii) September 1, 2006, and Hybridon will pay any accrued bonus through the date of termination. If, after a change of control of the Company, Mr. Seiler terminates his employment for any reason within 13 months of the change of control, the Company will pay to Mr. Seiler a lump sum cash payment equal to the lesser of (a) two times Mr. Seiler's annual base salary at the time of termination and (b) the product of Mr. Seiler's annual base salary at the time of termination multiplied by the number of years (or portion thereof) remaining in the employment period under the agreement, and continue to provide Mr. Seiler with his benefits until the earlier of the date 24 months following the date of termination and the

Mr. Andersen, Dr. Martin and Dr. Tang have employment agreements which provide that in the event their employment is terminated by Hybridon without cause or by them for good cause, Hybridon will continue to pay them, during the six-month period following termination, a monthly amount equal to one-twelfth of the sum of their annual base salary as of the date of termination and the average annual bonus paid to them during the three years preceding termination. These payments may continue for up to an additional six months beyond the initial six-month severance period until the employee has found other employment. Hybridon will also continue the employee's benefits for such period, subject to earlier termination under specified circumstances.

Item 13. Certain Relationships and Related Transactions

Since January 1, 2001, Hybridon has entered into or has been engaged in the following transactions with the following Hybridon directors, officers, stockholders who beneficially owned more than 5% of the outstanding Common Stock ("5% Stockholders") of Hybridon at the time of these transactions and affiliates or immediate family members of those directors, officers and 5% Stockholders. Hybridon believes that the terms of the transactions described below were no less favorable than Hybridon could have obtained from unaffiliated third parties.

\$6.0 Million Loan Arrangement

During 1998, the Company entered into a \$6.0 million loan arrangement with Founders Financial Group, L.P., formerly Forum Capital Markets, L.L.C., and several other investors. The terms of the loan were as follows: (i) the maturity date was November 30, 2003; (ii) the interest rate was 8%; (iii) interest was payable monthly in arrears, with the principal due in full at maturity of the loan; (iv) the loan was convertible, at the holders' option, in whole or in part, into shares of common stock at a conversion price equal to \$2.40 per share; and (v) the loan required minimum liquidity, as defined, of \$2.0 million.

On March 28, 2001, the Company entered into an agreement with the lenders pursuant to which it agreed to pay \$3.0 million to the lenders in partial payment of the principal amount outstanding under the loan. In addition, the Company deposited \$821,250 in a restricted account for the purpose of securing the payment of the balance remaining on the loan. The Company entered into this arrangement in order to encourage the lenders to release their security interest in the shares of MethylGene Inc. held by Hybridon so that Hybridon could sell such shares to third parties. In addition, the Company agreed to reduce the conversion price of the loan from \$2.40 per share to \$1.50 per share upon completion of the sale of 60% of the Company's holdings in MethylGene. The Company also agreed to further reduce the conversion price from \$1.50 per share to \$0.50 per share if the balance of the loan was not paid in full by the Company before September 30, 2001. On September 27, 2001, the Company paid off the remaining \$3.0 million to the lenders in full satisfaction of the loan. The \$821,250 deposited in the restricted account to secure the loan was released to the Company.

Of the \$6.0 million loaned to the Company in 1998, \$3.0 million was loaned by Founders. In 2001, the Company repaid the Founders loan in full by paying to Founders \$900,000 on April 27, 2001, \$600,000 on May 14, 2001 and \$1,500,000 on September 27, 2001. The Company paid Founders a total of \$150,877 in interest on the Founders loan in 2001.

8% Convertible Notes

In March 2000, the Company completed an offering of 8% convertible notes ("8% Notes") in the aggregate original principal amount of \$7.6 million. On March 30, 2001, holders of 8% Notes in the aggregate principal amount of \$7,354,046 exchanged their 8% Notes (including principal and accrued interest thereon) for 76,046 shares of the Company's Series B Convertible Preferred Stock, \$0.01 par value (the "Series B Preferred Stock"), including the following directors, executive officers and 5% Stockholders of the Company, and affiliates thereof:

Early Exercise Program

In 2001, the Company conducted an early exercise program (the "Early Exercise Program") under which it exchanged its Common Stock for Series B Preferred Stock, several classes of its warrants and a portion of its remaining 8% Notes in order to simplify the Company's capital structure and to reduce the number of outstanding securities which are exercisable for or convertible into shares of its Common Stock. The Company offered the holders of its Series B Preferred Stock the right to convert such shares into Common Stock at a lower conversion price than that set forth in the Certificate of Designation governing the terms of the Series B Preferred Stock. The Company offered the holders of various warrants the opportunity to immediately exercise their warrants for the purchase of shares covered by such warrants at a reduced exercise price, either by paying the lower exercise price for such shares in cash or by engaging in a "cashless" transaction, whereby they could receive a reduced number of shares of Common Stock in exchange for warrants of equivalent value. The value of the warrants was determined by the Company based on advice from the Company's investment bankers. The Company offered the holders of its remaining 8% Notes the opportunity to exchange the 8% Notes for shares of the Company's Common Stock at a reduced conversion price. As of December 31, 2001, the results of the program were as follows:
